May 2017**

Dear SBA Families,

Storybook Adventure Class has exposed your child to different forms of literature, including fiction, non-fiction, fairy tales, oral stories, and stories with a rhyming cadence. For the month of May, we are going to put another twist out for the kids. This month they will be exposed to a longer story (age appropriate introduction to the wonderful world of chapter books) and they will be challenged to work on their story retell skills during this time. We are excited for these next adventures that we have planned and look forward to enjoying the discovery process with them!

See you on Wednesdays.

Sincerely,

Jan Fenelon
