December 2017**

Hello SBA Families!

This month in Storybook Adventure we will be enjoying a couple of fun Christmas stories while advancing literacy skills and social skills. The children are working wonderfully together as they explore in-depth the various stories we have shared with them. The class is inquisitive and eager to try all the crazy things we throw at them. We are looking forward to further nurturing the curiosity, compassion, and enthusiasm of each child this holiday season.

Merry Christmas to all!

Sincerely,
