

Pre-K News

Dear Parents –

I hope you and your family enjoyed a blessed Christmas with friends and family.

Now we are off and rolling into a chilly January.

Language Arts will be full of story sequencing, pre-reading skills and upper and lower case ABC recognition. Their desire to learn to read is very high in this class – I will continue to challenge those who are ready for more and work closely with those who need a little extra help developing these skills.

We will also start our “All About Me Book” rotation. Each student will have a chance to bring home the book and then bring it back for the next student to take home. Please take time to sit with your child and enjoy learning about the friends they have in school.

Math has been a lot of fun for the students. We will be doing some simple story problems which will introduce adding more and taking away. Games are always the best way to make learning fun. We will also secure writing and recognizing numbers 1-20.

Science, the students LOVE science! We will learn the “recipe” for snow. Animal adaptations for living in cold weather – Animal Encounters will again help make this lesson fun by supplying us with some fur pelts so we can compare and feel the differences in the animals we will be talking about.

Cooking is always fun to do. We will be making oatmeal cookies during “O” week.

Special Days in January include:

January 15 – No School – Martin Luther King Jr. Day

January 27 – Pancake and Pajama Day. Your child may wear their pajamas to school and bring a stuffy friend too. We will be making pancakes for our snack!

February 2 – Conferences. Class will be as usual. I will post a conference time sign-up sheet on the door. Please let me know if you have a conflict with times available so we can make other arrangements.

January can be a long month but with the fun planned I think it will zip by like a speeding snowball!

Please let me know if you have any questions or concerns.

Sincerely,

Anne Dahlin
